Stock Market Letters.

Stock Market Letters.

James A. Pollork & Co., stock and grain brokers, 6 West Second South street, make public the following letters on the stock marker.

Dick Bros. New York, say: "The market today scored a substantial recovery from the depression of the past few days. The advances started in London, and the New York opening showed substantial advances. Early strength was followed by some duliness and reaction, but under the lead of Amalgamated, the market became strong again in the last hour and advanced to a strong closing. Union Pacific became quite strong at the end of the day and numerous specialties developed marked strength. There was not much news. The United States Steel report was highly favorable and was an important influence, the steel stocks being quite strong. Reading was also a strong feature. Much short covering was in evidence at the closing.

Hutton, New York, says: "While sentiment today was mixed as to the future course of the stock market, it can be said that general feeling was decidedly bearish among the professionals, and it was this element that sold stocks heavily yesterially and today."

Logan & Bryan, New York, say: "The market closed strong and in apots sharply higher. The statement of the Sicel corporation, lessed after the close of yesterday's market, brought out enthusiastic buying of their securities, giving the early market a wonderfully strong tone. Amalgamated Copper led the advance and it seems as if the erratic antics in this stock yesterday and the day hefore served as a bear trap, as short covering late today was exceedingly are onto in this stock yesterday and the day hefore served as a bear trap, as short covering inte today was exceedingly are onto the integral strongth and connidence to the entire market. We are told the Steel stocks, Union Pacific and Copper will sell higher."

CACHE VALLEY **COMES TO RESCUE**

Sends Carload of Potatoes to the Depleted Salt Lake Market.

LOOKED-FOR ADVANCE IN THE PRICE IS MADE

Supply Still Limited and a Further Rise Is Early Anticipated.

Learning that Sait Lake dealers were having a hard time to supply the de-mands of their customers in the line of valley got together on Tuesday, loaded up a car of "spuds" and sent them to the relief of the hungry Salt Lakers. Until their only supply is gone, most of the dealers don't find out much about the state of the market on certain staples This happened to be the case with potatoes, but somehow the big dealers ran out all at once, and then there was a general scuffle to procure the much-needed vegetable. It is thought that the next car will be even harder to find than was the one that came Wednesday; and con-

the one that came Wednesday, and con-sumers need not be surprised if called upon to pay a cents more on the bushet than the figure now asked.

As predicted, the grain merchants at their regular meeting Wednesday after-noon advanced the price of hay \$1 a ton, They also raised the price of oats a cents a hundredweight, this being due to the greater demand for the grain on account of the high price of hay.

Word was received Wednesday that wholesday prices of oranges are advanc-

of the high price of hay.
Word was received Wednesday that wholesale prices of oranges are advancing in California. While the Sait Lake market may not be affected immediately, the prevailing prices will be firm, with a certainty of advances a little later on The California orange growers are simply refusing to pick the fruit unless they can receive better prices than they have of late. They argue that it doesn't hart to hang on the trees for a couple of months, and they will allow this rather than continue to sell at the prices they have received thus far this season. California lettues is picking up of late, and some really tempting looking heads are now to be had. For a while it tacked crispness and firmness, but the quality offered the past few days has been altogether satisfactory. Other seasonable vegetables reached the market Wednesday from California in sufficient quantity to fill the local demand.

GRAIN MARKET WEAK THROUGHOUT THE DAY

Traders Who Bought Under Bullish Excitement Join Selling Movement.

CHICAGO, Jan. 31.—Partly because o the relatively weak tone of the Livercot market, but chiefly because of the failure of the predicted cold wave to materialize in the Southwest, the wheat market was weak at the opening nitial quotations on May were off 45%c a William at Kie to Kilse.

Following the decline at the opening there was active bidding by local traders, in which the price of May advanced to 854,6854.c. Offerings, however, were very liberal and prices gradually receded during the remainder of the day. The marfrom New York, which reported a noticeable decrease in the foreign demand for Manitoba wheat.

From the start commission houses were active sellers and later many of the local traders Joined in the movement. For May the low point of the day was reached at \$15,07545c. The market closed weak with prices for May 5,071c lower at \$45,000 Early in the day the corn market was remarkably firm. Later in the day there was general selling by commission houses, and the market closed weak, May 1/20 lower at 11/30.

Weakness of wheat and corn caused heavy profit-taking in oats. May closed its off at 305,010c.

Provisions were strong carry, but later the market weakened on liberal selling by local longs. May pork was off 7/2c, lard was down 50715c and ribs were 25,500. From the start commission houses were

IRON AND STEEL IN DEMAND.

Production Is Proceeding at an Enormous Rate.

NEW YORK, Jan. 31.-The from Age tonorrow will say:

"Consumption is proceeding at coormous rate and it is believed that the unjority of producers of finished from end atcel are very much in the position and steel are very much in the position of the United States Steel corporation with its orders of 5,900,000 tons. Makers in nearly all branches of the fluished trades are prorating shipments. It is undersood that as yet wire makers have been unable to accumilate the stocks with which they generally endoavor to enter the spring sesson, and that the stocks of tube tin plate and sheet makers are at a low eab.

An endiese number of men have one or more of the above symptoms and drag from lay to day in deapsir of a prosperous, happy future, and well they may, for if neglected their health is sure to be wrecked by a complete loss of physical, mental and sexual power.

My method completely and permanently revives manhood after "cureall" remedies and "quickoure" specialists fail to even benefit. My scientific systematic course of treatment for weak,

nervous, brokendown youths and men, who have, through folly, dissipation and excesses, unfitted themselves work and the enjoyment of life, is a system that has been tested many times over and proven entirely satisfactory in every case. It is totally different from the many sickening pills and tablets, and the stimulating, stomach-ruining drugs pills and tablets, and the stimulating, stomach-running drugs given by would-be specialists. My specific treatment for all the symptoms indicating Failing Manhood is harmless, though so effective as to remove them immediately. It is constitutional, therefore, by purifying and enriching the blood, strengthening the nervous system, nourishing the tis-

blood strengthening the nervous system nourishing the tissues, the patient becomes strong and healthy with all signs of trouble forever gone. The treatment is to the human system what the sap is to the tree-it buds energy, ambition and confidence that leaf into a prime, healthy, vigorous feeling of new life.

I treat and core all such pelvio diseases as PILES, FISTULA, RUPTURE, VARICOCELE, HYDROCELE, BLOOD POISON, SKIN DISEASES, SORES, ULCERS, NERVOLS DECLINE, and diseases of the KIDNEYS, BLADDER AND PROSTATE. My method of treating these diseases has proven so successful that I guarantee a permanent cure in every case accepted and contract by a written instrument to produce permanent and satisfactory results or refund money.
